

ReAX™ 4" Desktop Touch Screen/Controller with Beamforming Dante Microphone

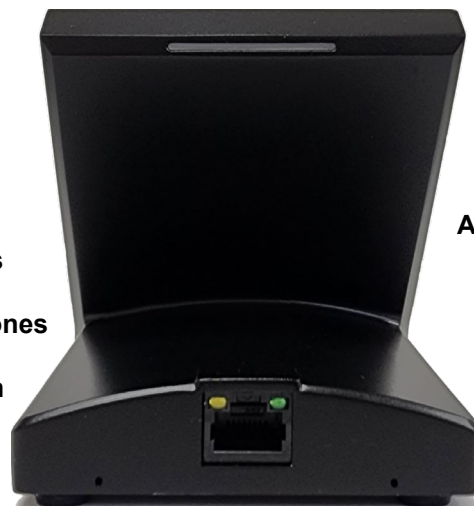

The RXT-4D is a 4" desktop touch panel with a ReAX™ JavaScript based control system. Ideal for conference rooms, educational facilities, hospitality, digital signage and more. The RXT-4D has a beautiful 480 x 480 1:1 aspect ratio touch screen with 160° viewing. It is also designed to work as a Dante™ beam forming microphone with advanced hardware for feedback suppression, auto gain, & noise cancelation. The 2D/3D graphics engine with 1080p H.264 streaming decoder provides a powerful solution for complex graphics and video, ensuring an enhanced user experience.

To further enhance the experience, the RXT-4D has a 1-watt smart amplifier powered speaker, stereo digital microphone, proximity sensor, & ambient light sensor. The internal web server allows control from remote devices like cell phones and computers. The RXT-4D is a powerful 'all-in-one' solution for your presentation and automation needs.

Core Studio tool is available free of charge for code and interface creation.
