**AIDA**  
IMAGING

# OVERVIEW

---

At **AIDA Imaging**, innovation is key to crafting tried and tested quality streaming solutions. We strive to raise the bar by engineering and manufacturing cutting edge cameras and converters. From concept to reality, **AIDA Imaging** meticulously creates products that are applicable to various situations, ranging from a casual day in the park to a professional film studio.

Our *mission* is in making a robust product line that simultaneously meets effectiveness and efficiency for the global user.

All **AIDA Imaging** devices are proudly designed in the United States and manufactured with the highest practice and quality in South Korea.

POV CAMERA

## HD-100

The HD-100 is a cost friendly Full-HD Broadcast Camera designed for any level of production. Packed with a 1/3" progressive CMOS image sensor and interchangeable lens, the HD-100 provides clear, crisp HD video suitable for any existing workflow. The HD-100 offers versatile Full-HD resolutions, adjustable video settings, and a small rugged form factor, making it perfect anywhere you need it to be.

POV CAMERA

## GEN3G-200

The GEN3G-200 is a compact HD 3G-SDI Broadcast Camera that produces clear and crisp HD video suitable for use in a broad range of HD video applications. The camera features Self-Adaptive Genlock Tri-level Sync, built-in OSD for customizable image settings, and an interchangeable lens design. This makes it compatible with auto-iris CS and C mount lenses and audio input that can relay embedded audio via SDI & HDMI. The GEN3G-200 is the go-to camera for various video production workflows.

PTZ CAMERA

## PTZ-X12-IP

The PTZ-X12-IP is one of AIDA's most well-rounded Full HD camera yet. The camera features IP streaming technology by H.264 or the newer H.265 High Efficiency Video Coding (HEVC). With integrated RS232 and VISCA over IP camera control, this camera is compatible with most IP based controllers, simplifying existing workflows and better cable management. The camera features traditional multi video format outputs such as 3G-SDI, HDMI, USB 3.0 as well as online video outputs RTSP/RTMP.

## UHD-100

The UHD-100 is the most cost effective 4K POV camera solution. With its 4K UHD Progressive Scan CMOS sensor and Digital Image Processor, the UHD-100 produces detailed videos that are sharp and true to color, while also being able to utilize Dynamic Range, Adaptive White Balance, and motion-compensated temporal noise reduction filter for reduced noise even under low light conditions. The UHD-100 features a compact and rugged form factor with interchangeable lens capabilities, making it highly versatile for various video applications.

## UHD6G-200

Retaining the familiar form factor and durable design of the original AIDA GEN3G cameras, the UHD6G-200 brings expanded control sets and increased video performance. Featuring an advanced 4K UHD Progressive Scan CMOS image sensor capable of true cinema 4K (4096x2160) 6G-SDI output for Industrial and Broadcast applications, the UHD6G-200 realizes 4K video image with wide dynamic range. Designed for versatility with a user-interchangeable C to CS mount lens allows the UHD6G-200 to be used in nearly any kind of workflow.

POV CAMERA

## UHD-200

The UHD-200 boasts as one of the first true 4K 60 frame POV cameras, designed with 4K applications in-mind of action sports, proAV, broadcast platforms, and more. Its relatively small form factor allows for versatile viewing angles and hard to reach shots. The camera itself features a plethora of video resolutions, customizable exposure settings, and an interchangeable lens. The UHD-200 is a perfect fit for new and existing workflows.

## CAMERA CONTROL UNIT 10

# CCS-USB

The CCS-USB camera control unit and software features multi serial port control (RS232, RS485, and RS422), making this the go-to software for all your camera control needs. Automatically set up your COM ports through connection to computer via USB. Control up to 7 primary cameras utilizing advanced SONY VISCA™ protocol and up to 255 cameras utilizing PELCO™ protocol. Compatible with Windows and Mac OSX™ operating systems. Includes an RS232 to Cross-RJ45 converter for longer communication relays when you need it most. Designed for mobility and versatility, the CCS-USB is the one CCS to control them all.

## CONVERTER 11

# GCON-HDMI

The GCON-HDMI supports 1080p resolution up to 60 fps, converting HDMI sources to Genlock SDI/3G-SDI and HDMI with zero latency. While keeping the integrity of the original source feed intact, the featured Genlock Tri-Level Sync makes synchronization with other system components possible for seamless vertical interval switching between sources. The GCON-HDMI supports ancillary data in SMPTE 352 payload ID and audio and relays it through its SDI output as well. Its rugged and portable design makes GCON-SDI a perfect camera sidekick to where it's needed most.

### CONTROL

Video Input	3G-SDI/HD-SDI
Resolution/Rate	1080 60p/59.94p/50p/30p/29.97p/25p 1080 60i/59.94i/50i 720 60p/59.94p/50p/30p/25p
Color Space	4:2:2 (YCbCr) 10bit
Video Output	Genlocked HD-SDI/3G-SDI Genlocked HDMI 1.3a

### FUNCTION

Genlock Control	ON/OFF H Sync & V Sync Adjustment
Audio Control	Audio Bits (16/20/24bits)
Payload ID	ON/OFF
Generate Pattern	13 Patterns

### AUDIO

Audio Input	8 Channels Embedded SDI Audio
-------------	-------------------------------

### STANDARD

SMPTE	SMPTE 292M, SMPTE 424M
-------	------------------------

### SYNCHRONIZATION

Genlock	External Tri-Level Sync
---------	-------------------------

### PHYSICAL

Control	OSD Button & Text LCD
Operation Temp	32°F-104°F
Dimension	130mm x 75mm x 24mm 5.11" x 2.95" x 0.94"
Weight	173g/0.38lbs
Power	6W at 12VDC (+9 - +15 VDC)

## PACKAGED CONTENTS

DC12v Power supply & Socket adaptor

## SYNC GENERATOR 13

# TGEN-6P

The TGEN-6P generates 3G-SDI and HD-SDI Genlock Sync reference, while giving you the ability to sync all your video sources into one master sync signal. It supports 15 different formats ranging from 720p 25Hz up to 1080p 59.94/60Hz and can be operated in Slave mode, distributing external reference sync signals. TGEN-6P has a built-in LCD screen and dipswitches for convenient setting and status checking. Its compact and solid design helps users create and maintain a more streamlined workflow.

# 3G-SDI Genlock Sync Converter

## SPECIFICATIONS

### REF. OUT

Video Input	3G-SDI/HD-SDI
Resolution/Rate	1080 60p/59.94p/50p/30p/29.97p/25p 1080 60i/59.94i/50i 720 60p/59.94p/50p/30p/25p
Color Space	4:2:2 (YCbCr) 10bit

### REF. IN

Video Input	3G-SDI/HD-SDI
Resolution/Rate	1080 60p/59.94p/50p/30p/29.97p/25p 1080 60i/59.94i/50i 720 60p/59.94p/50p/30p/25p
Color Space	4:2:2 (YCbCr) 10bit

### STANDARD

SMPTE	SMPTE 292M, SMPTE 424M
