

# Bullet Train

ULTRA HIGH BANDWIDTH / ULTRA HIGH SPEED HDMI CABLES

## Bullet Train 18Gbps HDMI Cables

RIDE THE TRAIN! Bullet Train HDMI cables have become integrators go-to HDMI cable. 18Gbps, HDR and Wide Color Gamut are no issue for Bullet Train Premium HDMI cables. Manufactured by Bullet Train, the name to trust in high bandwidth video distribution, Bullet Train allows installers to rest assured that these cables are highly engineered and tested to be a long lasting part of any infrastructure.

These premium ultra long HDMI cables (8 Meter, 10 Meter & 15 Meter) are directional with a dedicated connection end for the source and display. In order to pass high bandwidth uncompressed signals, Bullet Train has engineered these cables to be directional to optimize signal flow and deliver the highest quality image possible. When High Dynamic Range (HDR) and Wide Color Gamut (WGC) are required, these are the cables you NEED to be using. Bullet Train was made to provide clients with a reliable, affordable HDMI cable ready for powerful 4K installations. Ensure stable video and audio in new installs with Bullet Train HDMI and feel confident telling your clientele that they are using the best cables on the market.

### FEATURES:

- 18Gbps 4K60 (4:4:4)
- ARC (Audio Return Channel)
