

- **Software update**

The scaler switcher supports software updates via USB flash disk. The procedure is as follows:

- 1) Copy the file “MERGE.bin” to the root directory of a USB flash disk. (Make sure the file is copied to the root directory. The “MERGE.bin” file is provided/authorized by our engineering department or from our website)
- 2) Plug the USB flash disk to the scaler switcher USB port on its rear panel.
- 3) Press the MENU -->software update-->YES enter to start the update. the OSD will display the update process.

When update completed, Press MENU button to check the software version(~~the software version~~)

- **Factory Reset**

connect the scaler switcher with a computer by RS-232 cable. then open the control software on your computer. The interface of the control software is showed as below:
