ECOH Plus Collaboration Hub

ECOH Plus allows users to wirelessly extend a PC/Mac or HDMI source via the ECOH Plus Link connector to a single display for easy connectivity and screen-sharing. The ECOH Plus supports up to eight connections and a single user on screen. Together with its plug and play design, the ECOH Plus features effortless setup and operation (no app or software) for a convenient, no hassle meeting room solution.
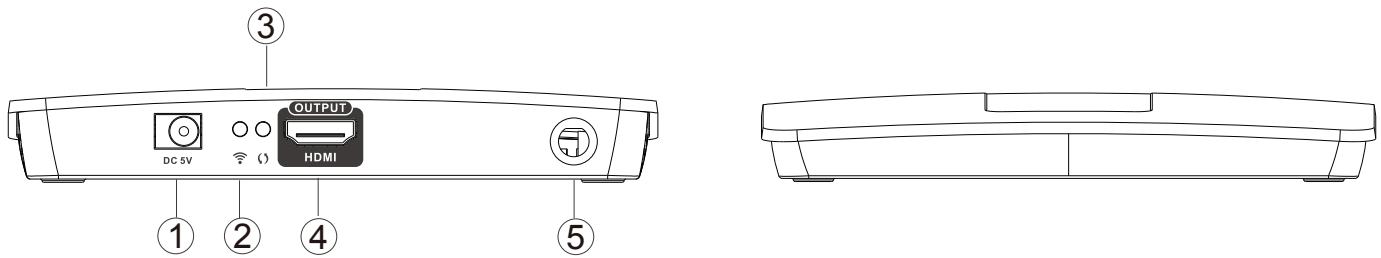

Key Features

- Supports up to 8 total users (single user on screen)
- Full HD/1080p media streaming
- Supports transmission distances up to 20m. (line-of-sight)
- Plug and Play - switch between users with a simple button press
- Wirelessly extend any HDMI source (Blu-ray player, gaming console, streaming device, etc.)
- ECOH Plus Link Connector powered through HDMI port

Technical Specifications (ECOH Plus Base Station)

SUPPORTED RESOLUTIONS	480p@60Hz, 576p@50Hz, 720p@50/60Hz, 1080p@50/60Hz
COMPLIANCE	HDMI 1.3, HDCP 1.2
MAX TRANSFER RATE	4.95 Gbps
TRANSFER METHOD	5G Wireless Transmission
TRANSMISSION DISTANCE	20 meters (line-of-sight)
VIDEO LATENCY	≤ 200ms
MAX # OF CONNECTIONS	8 Users
MAX # OF USERS ON SCREEN	1 User
CONNECTIONS	(1) HDMI Output (female) (1) Wireless Antenna (1) Power Input
POWER SUPPLY	DC5V/2A
MAX POWER CONSUMPTION	<5W
PRODUCT DIMENSIONS (LxWxH)	5.4" x 3.4" x 0.8"
WEIGHT	0.3 lbs.
OPERATING TEMPERATURE	32°F~122 °F (0°C~50°C)
STORAGE TEMPERATURE	14 °F~158°F (-10°C~70°C)
OPERATING HUMIDITY (NO CONDENSATION)	0%~90%

ECOH Plus Collaboration Hub

①	Power Input	Connect to DC5V/2A power adapter (included)
②	Wireless Connection Indicator	LED stays on when power is on, LED blinks when there is a successful connection
③	Data Transmission Indicator	LED stays on when transmitting data
④	HDMI Output	Connect to HDMI display
⑤	Antenna	Connection for antenna (included)
