DTVGameControl

Timer Setup

This feature is supported in DTVGameControl and DTVGameControl Matrix
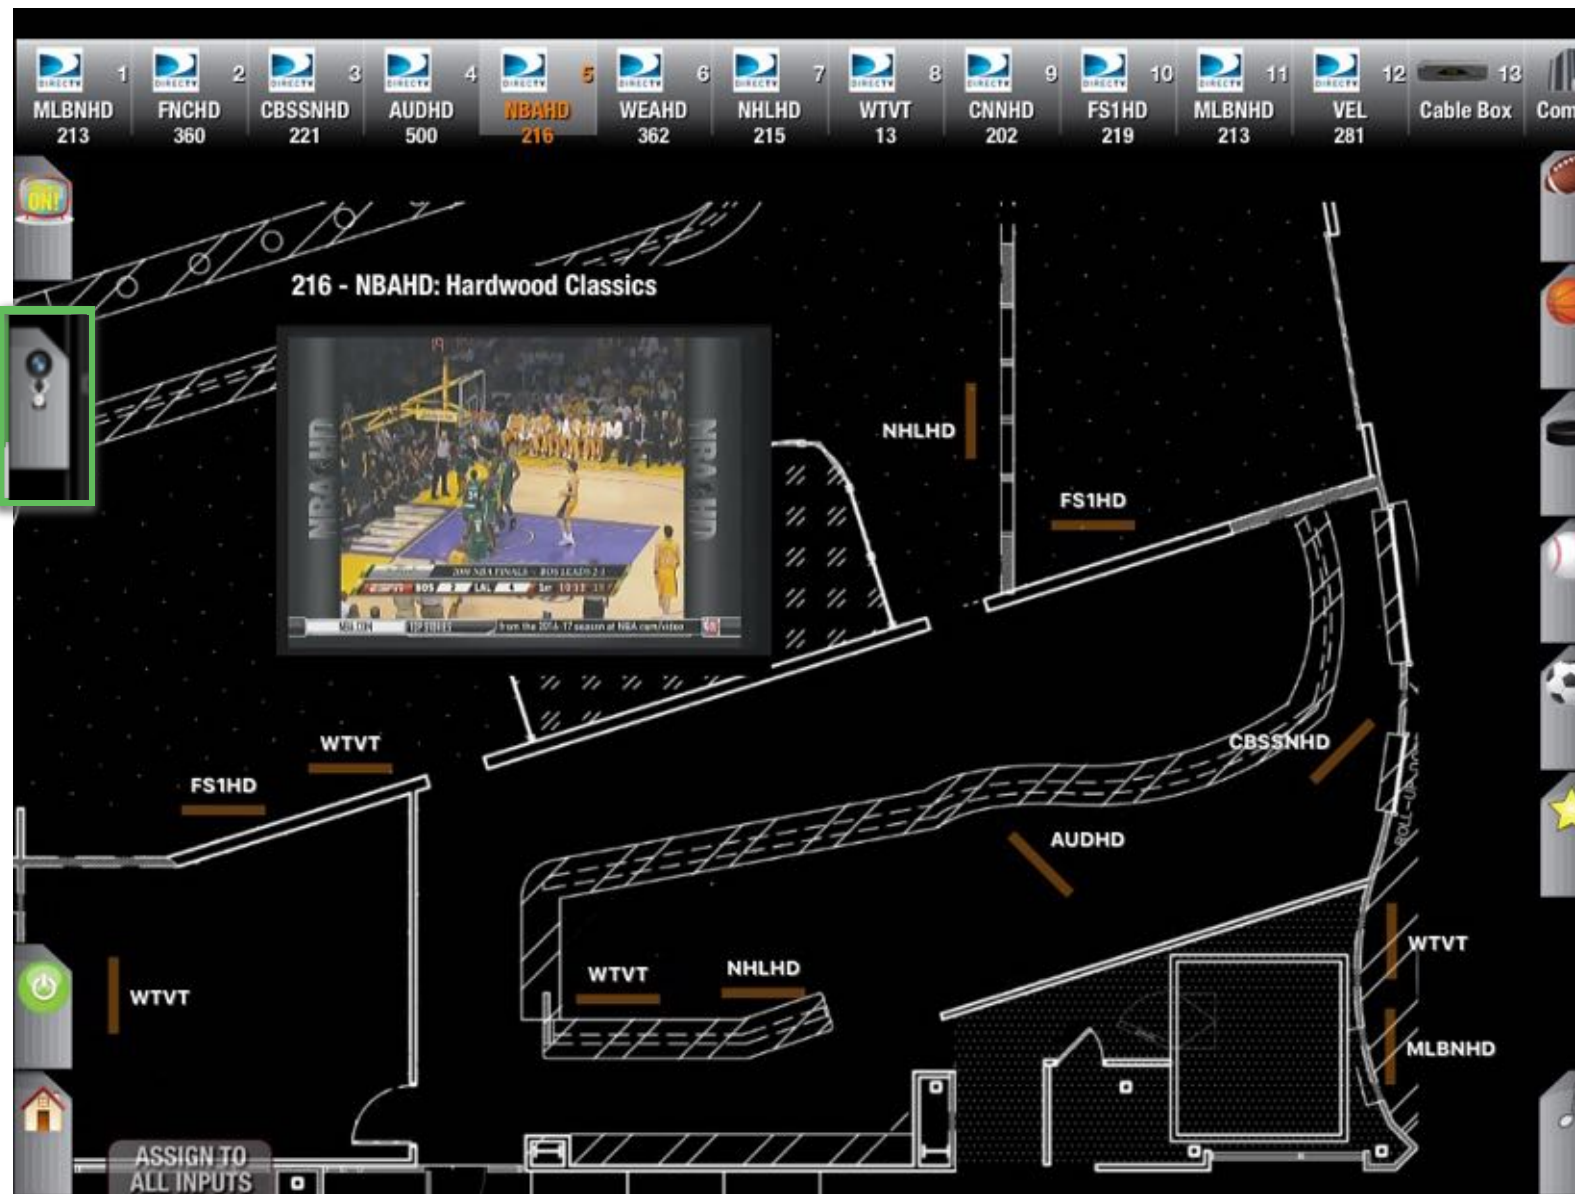

Timer Setup

The Timer feature records all DirecTV, Cable Box and Dish Network channels that are currently tuned. The Timer, will execute power on for all displays. If you are using the Matrix version - the Input/Output configuration will be recorded as well. Be sure to adjust, channels, Input/Output configuration, ect., before starting to set up the Timer feature.
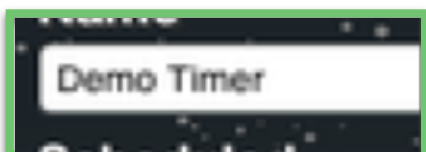

Log into DTVGameControl as Admin and turn Edit Mode ON

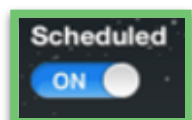

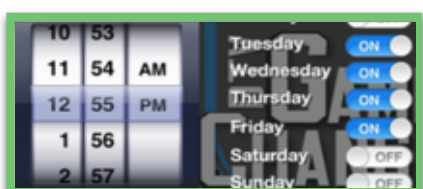

Select Snap Shot

### Timer Setting Window
