| 17 | Screw | 1 Package | |

Precautions:

1. Wear gloves when installing, and prepare a Phillips screwdriver and a 5mm, 6mm hexagon socket hand;
2. When the mounting profile is installed, there are four mounting holes in the front of the horizontal brace (see the enlarged picture of A), and three holes in the back;
3. When installing one by one, do not tighten the screws first, and then lock the screws after all are installed.
